

pdate 09/01/00: By popular request, I have posted a section of the website dedicated to the Diskwars [story-line](#). Here you'll find past story-line events, complete with scenarios, as well as essays and fiction that help fill in the background and advance the story of the Great War.

I've also posted the complete [rulebook](#) for [Legions](#). It's in PDF format, so you'll have to have the most recent version of Acrobat Reader to view it.

Finally, there are new [scenarios](#) and [chronicles](#) if you're interested in such things - and I know you are.
